

PRODUCT INFORMATION

SAND DIVIDE BUCKET

These divide buckets ZV come standard with stirring auger at the top, left and right discharging and dosing plates above conveyor belt. The necessary connection for this attachment demands 1x double-acting hydraulic function.

VERSATILE ATTACHMENT

The sand divide bucket line is designed to enable the controlled dispensing of sand and other materials such as stamped concrete. The bucket can be easily loaded by a wheel loader and an integrated auger allows the material to be spread evenly along the machine.
