

# PRODUCT INFORMATION SNOW BLADE VARIO

These snow blades vario are standard equipped with Erlan wear strip with sprung segments in the color RAL 2004. The necessary connection for this attachment demands 2x double-acting hydraulic function.

## VERSATILE ATTACHMENT

The TOBROCO-GIANT snow plow is perfect for clearing roads and terrains from snow. The snow plow is available in several widths and equipped with a wear resistant Erlan wear strip, which makes snow clearing even better. In combination with the salt spreader, a GIANT machine makes ways and areas perfectly clear of snow in one pass.
