

PRODUCT INFORMATION SNOW BLADE WITH ANGLE ADJUSTMENT

These snow blades with angle adjustment are standard equipped with an Erlan wear strip with sprung segments in the color RAL 2004.

VERSATILE ATTACHMENT

The TOBROCO-GIANT snow plow is perfect for clearing roads and terrains from snow. The snow plow is available in several widths and equipped with a wear resistant Erlan wear strip, which makes snow clearing even better. In combination with the salt spreader, a GIANT machine makes ways and areas perfectly clear of snow in one pass.
