PRODUCT INFORMATION SWEEPER ECO PRO

These sweepers eco pro come standard with level compensation system, 20° angle adjustment and a height-adjustable sweeping brush with high-quality brush quality. Also, this attachment has an XL running wheel with pneumatic tire and height adjustable, hydraulic emptying and 3D levelling. The necessary connection for the sweeper eco pro demands 1x double-acting hydraulic function with mechanical angling, 2x double-acting hydraulic function with hydraulic angling and a 12 Volt connection (in combination with water spray system).

VERSATILE ATTACHMENT

The TOBROCO-GIANT sweeper aims for maximum cleaning results. Leaves, manure, clippings, sand and other loose waste are easily swept up. The sweeper is also perfect for clearing snow. The sweepers are standard equipped with a collector and optionally available with a side brush or water spray system.
