

# PRODUCT INFORMATION

## MULTI VACUUM UNIT

These multi vacuum units are standard equipped including swing arm, nominal noise level  $\pm 80$  DB and 160 mm diameter hose. The necessary functions of this attachment are 1x DA hydraulic function, 1x arretting, 1x free return and 1x leak oil. We recommend a tandem pump and leak oil.

### VERSATILE ATTACHMENT

The GIANT Multi Vacuum Unit is an innovative solution for moving heavy, flat materials such as tiles, concrete slabs and curbs. Combining power with ergonomics, this unit is designed to reduce physical strain and speed up work processes.
